

TONIGHT

Lyrics

Words by Gloria Gaither

Music by Benjamin Gaither

Kings and shepherds make their way
Straight to where the Baby lay;
Rich and poor and lonely
Bow before this sight.

A star has led them to this place.
The Word that's been echoing
Through space becomes a Child tonight.

Light to shine in the darkest night,
Light to make all the wrong things right.
Light to show everyone the way,
Light to shine where the virgin lay.
Star of David, the prophet's star,
Yahweh, God come to where we are.
Star to mark the Messiah's birth,
Star of Heaven now touches earth tonight.

Angel voices fill the air,
Angel wings are everywhere.
Light so bright it's blinding,
Shepherds shake with fright.
A warmth begins to flood the hill.
"Fear not!" Peace to you,
goodwill comes to earth tonight.

Light to shine in the darkest night,
Light to make all the wrong things right.
Light to show everyone the way,
Light to shine where the virgin lay.
Star of David, the prophet's star,
Yahweh, God come to where we are.
Star to mark the Messiah's birth,
Star of Heaven now touches earth tonight.

The light will be so bright,
It will shine through the darkest night.
Send down Your holy light!

Light to shine in the darkest night,

Light to make all the wrong things right.
Light to show everyone the way,
Light to shine where the virgin lay.
Star of David, the prophet's star,
Yahweh, God come to where we are.
Star to mark the Messiah's birth,
Star of Heaven now touches earth

Light to shine in the darkest night,
Light to make all the wrong things right.
Light to show everyone the way,
Light to shine where the virgin lay.
Star of David, the prophet's star,
Yahweh, God come to where we are.
Star to mark the Messiah's birth,
Star of Heaven now touches earth tonight,
Tonight, tonight, tonight, tonight, tonight, tonight.
Star of Heaven now touches earth tonight!
